

INAUGURATION OF SHOLEH ABGHARI ART GALLERY IN MARBELLA

Located near Marbella's iconic Pirulí tower, Sholeh Abghari Art Gallery was officially inaugurated this summer with the presentation of "Iran Contemporary", which continues until 30 September. The exhibition comprises 14 artworks from seven emerging and established Iranian artists living in Iran during six different decades. In each work, the artist has used traditional Iranian art techniques to create their own form of contemporary art. The pieces were created with a diverse range of influences: Persian poetry, Iranian/Islamic architecture, and Iran's landscapes and calligraphy. The exhibition features different types of materials including steel, fibre glass, gold leaf, and oil and acrylic paint. Guests enjoyed a lavish cocktail party with drinks and canapés in the garden, which was serenaded by a classical harpist.
